arrived at Red River La on the 21st day of June having been on the road from N.C. three months- New Hope La 1838"

About a week ago a cousin of my husbands was here and he gave me the name of a Thomas H Sutton who lived in Fayetteville N.C. a friend of his and I have written him but so far have had no answer.

A Mrs Penelope Allen here in Chattanooga has done some work on the Sutton lines partly because they were connected with her husbands-- She said that Sampson and Bertie Counties were either the same at one time or were adjacent.

Out of all the children that Thomas Sutton Sr had it would seem that some of their descendants would be still living in N.C.

I am afraid that all this does not help at all--- because it is the Bryan information that you want but maybe by tracing back thru some of all these Suttons you may find something.

I wrote May the other day and told her that you were still trying to get me in-- that I had heard from you and that I appreciated what both of you were doing.

If you feel that you want me to try to find out more before you go to N.C. I will but I do not know where to turn-- I had hoped to hear from this Mr Sutton in Fayetteville-- if so I will write you.

Thanking you for your interest and with best wishes-

I am, most,

Most sincerely yours,

Willard Steele
